

SPACE CITY CRASH

Space City Website: <http://spacecityrc.com>

July 2013

From the Editor

Eight SCRC pilots made the trip to Aubrey, TX on the weekend of June 15th for the Warbirds over Texas fly-in. This year featured 77 pilots and lots of new aircraft. The weather was hot, and only a slight breeze. The lack of wind caused some damage to a few of our aircraft and one destroyed. Always a good time there and SCRC was a big part of the show!

The dogs days of summer are here and a good time to catch up on some building and repair projects in the shop. The fly-ins around tend to slow down till September and the cooler months.

Not good to let your planes cook in the summer sun as I've seen some pilots melt down in the seat. Be sure to run your glow and gas engines a bit richer this time of year. A dead stick with no wind is no fun!

Be sure to send me pictures of your latest build project and tell us about it. Paul

SPACE CITY RC CLUB

President	Finnis Hopson 281-352-4216
Vice President	John Foster 281-259-5460, 281-731-8306
Secretary	Paul Curry 281-450-5517
Treasurer	John Blackmon 281-351-9772, 281-794-9556

Club Meeting Notes

Last meeting June 8th at 2:00 pm

12 members present

Minutes accepted as read.

Treasurers Report: BB \$4,391.73; CD \$4,022.62 renewed in June

Old Business: No old business

New Business: 2013 SCRC Club picnic is scheduled for September 29th. Last years was rained out, so let's hope for good weather this year's picnic. More details to come.

There has been trash left at the field in the cans. This creates a pest and odor problem. Please take all trash home and do not leave it at the field.

Model of Month: No model of month.

Crash of Month: Finnis Hopson lost his Comp ARF Spitfire at the Bomber Field Warbird fly-in. The plane stalled a wing on the landing approach. Damage was substantial and could not be repaired. That's two crashes of months in a row Finnis, not good!

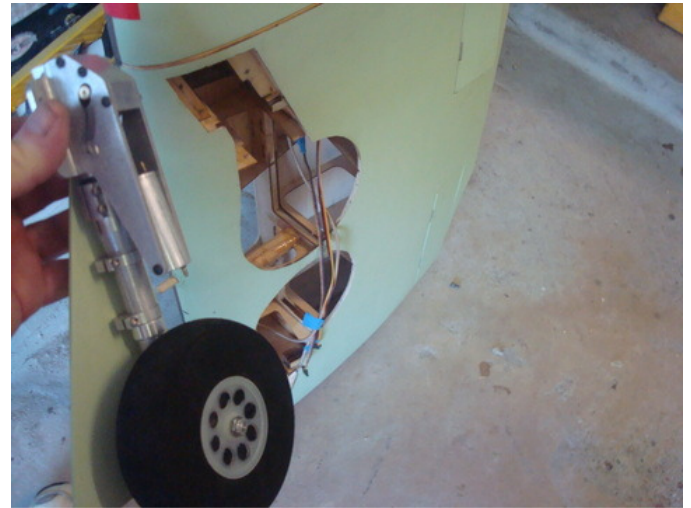

Please send any pictures of your latest projects, finished or unfinished, to me at pgpicurry@sbcglobal.net. Tell us about your experience and planning for it. Any pictures taken at the field at any time are welcome in the newsletter. See you at the field! Paul

**July Club Meeting –
Sunday, July 14 at 2 p.m. at the field**

SCRC Pilot Projects

John Underwood and I are teaming up to build an ESM Hawker Hurricane. This 82" wingspan ARF will be powered by a Moki 2.10 glow engine. Since the plane has a big thick airfoil, plenty power is needed. A gas engine would stick out too much from the narrow cowl

and kill the looks of this classic fighter. The plane will have Sierra retracts and Futaba 2.4 radio. Hitec 645 mg servos will be used on control surfaces. Hope to have it done and be at this Sunday's meeting. See you there!
Paul

ELECTRIC FLY-INN PLUS CONSESSIONS

Day

VS

NIGHT

ANY KIND/SIZE GLOW OR ELECTRIC

BAYPORT AERO CLUB DEER PARK, TX JULY 13TH, 2013
